

Support for Fathers Australian Roadshow

Free community information sessions and workplace training

Support for Fathers is a national project which aims to support young men and fathers as parents and partners.

Through the project, we've developed:

- 1 Resources for dads and families across Australia.
- 2 A Professionals' Toolkit for support services working with dads and families.

Find out how you can get involved

From late 2019 we'll be providing a series of free community information sessions and workplace training opportunities around Australia. Come along to one of our events or contact us to arrange a session in your community.

To find out more about the project, visit our new website.
